ANTIOCH, ILLINOIS, THURSDAY, MARCH 6, 1947

FIRST IN RESULTS TO ADVERTISERS NUMBER 31

Ed. Jacobs Chosen Red Cross Drive Head In Antioch

Goal This Year is \$1,000;
Half The Amount of
Last Year

Ed C. Jacobs will again head the Red Cross drive in Antioch township this year.

The entire township will be canvassed by a group of solicitors Jacobs has yet to appoint. He expects much help, however, from the various organizations.

The quota for the township this year is \$1,000 in contrast to \$2,000 last year. The end of the war and the fact that less is needed this year has caused the goal to be reduced.

Jacobs said that last year the goal was reached. He hopes that because the amount is not as large this year that there will not be a letdown and that the goal will be exceeded quickly. He will announce his plans next week.

Charles Stearns Hurt In Automobile Crash

Charles (Dollie) Stearns is expected to be released today from St. Therese hospital in Waukegan where he was taken last Friday morning suffering from knee and head injuries received in an automobile accident.

Stearns was on his way home to Salem, Wis. from the Pregoner resort at Grass Lake where he is employed, and at a point on Grass lake rd., near Rte. 59 he lost control of his automobile and it left the highway crashing into a tree.

The Salem man was thrown out to the ground and lay there quite helpless for an hour until he was found about 5:30 a. m. by Mr. and Mrs. Joe Nemic, who were on their way to a railroad station. They summoned help from the Nielsen barbeque and the Antioch rescue squad responded. After giving first aid the squad took him to the hospital.

Stearns is the son of Mr. and Mrs. James Stearns of Antioch.

Legion Aux. Celebrates Birthday With Supper, Entertain Downey Women

The American Legion auxiliary celebrated its birthday anniversary Friday with a pot luck supper at 7 p. m. at the Legion home, Ida Ave., to which husbands were invited. Twenty couples were present.

The evening was spent at cards. Prizes were articles made by the veterans craft shop. Mrs. Anton Johnson's committee had the tables decorated with flags and gold auxiliary colors. A large birthday cake served as the center piece for the table decorations.

Members of the auxiliary were hostesses at a party given in the women's ward at Downey hospital Tuesday afternoon.

Door prizes were awarded and each patient received a package of cigarettes. A large number of magazines and puzzles were presented to the hospital. Refreshments were candy, nuts, cup cakes and coffee.

The Antioch women serving as hostesses were Mesdames Frank Kennedy, A. H. Kaufmann, Al Swenson, Ben Miller, Earl Harden, Walter Hills, Frank Harden, Sine Laursen, and Bert Anderson.

Permits Issued for New Restaurant Building And Tavern Extension

A permit to erect a one-story fire-proof building in the Dr. G. W. Jensen subdivision on Rte. 173 east of Rte. 21 for use as a restaurant and residence was given Gruner Bros., by the village board Tuesday evening.

The building will be on the east lot adjacent to a section left open for a roadway into the school grounds. The cost is estimated at \$9,000.

The dining room will be in hexagon shape with a 31-foot diameter. The living quarters will at the rear. Ed. J. Kidera is the contractor.

A permit also was given to Bud Holtz to place an addition to the rear of his tavern on Main st. The building will be 35x23 feet and made of cement block. Rest rooms will be built at the side of the present building. The total cost will be \$3,000.

Only Two Candidates File For Village Office as Yet

With March 10 as the last date for filing, only two men have petitioned for a place on the village ballot for trustees to fill the three vacancies. Arthur Rosenfeldt is again running and Ed Knickelbein is a candidate for trustee. George S. Wagner and Elmer Rentner as trustees have yet to file if they wish to continue.

William F. Bartelt, 57, Fox Lake Real Estate Man Known Here Dies

William F. Bartelt, 57, prominent Fox Lake real estate man, and well known in Antioch and vicinity, died Monday at his home following a brief illness.

The funeral service will be held at 2 p. m. Friday in the Peter M. Juste funeral home at West McHenry and burial will be in the Huntley cemetery.

Mr. Bartelt was born in Huntley, Ill., and for 25 years was cashier and manager of the State Bank of Huntley. He came to Fox Lake in 1937 and was cashier and manager of the State Bank of Fox Lake until it closed in 1940. He then entered the real estate and insurance business which he continued until his death.

He was a veteran of World War I and was a member of the American Legion and the Veterans of Foreign Wars. He also belonged to the Lake County Real Estate board and the Chicago Real Estate board.

He is survived by his widow, Frida, a son, Robert J., a daughter, Doris Mae, and a granddaughter, Lorrie Ann.

President Bartlett is Ill But Village Board Meets And Has Much Business

President George B. Bartlett was unable to preside at the village board meeting Tuesday because of illness and Trustee Walter Scott was placed in charge.

The board was like a class with the teacher absent at first, but quickly settled down to business and did a good job in comparatively quick time.

One communication to the village was an invitation to send a representative to the Sewage Treatment Works Operator's conference conducted by the University of Illinois at Urbana, and it is probable that the village will send Fred Peterson there to learn about the operation of sewage plants so that he can direct the work on the new plant Antioch is getting.

The board plans to make an inspection tour of alleyways sometime during the spring after merchants have had time to clear away the debris and to invoke the law in cases where there is no cleanup.

Firemen are complaining that they cannot get through some alleyways because of obstruction and would be greatly hindered in event of a fire. They also asked an ordinance preventing the parking in the alley in the business section except for unloading purposes.

Rescue Squad Drill Shows Quick Report Of Members Wed.

When Captain Herman Holbek pulled the switch on the Antioch Rescue squad siren Wednesday evening at 8:10 p. m. two members of the squad were on hand and ready to go in less than two minutes. The drill was a surprise to the membership and Holbek held a watch to catch the exact time needed to assemble enough men to make a run. The actual time was one minute twenty-five seconds for the first man and one minute forty-five seconds for the second man.

Holbek said that when real calls come in that no one ever has time to hold a watch and check the time in getting out, but that he was well satisfied with the speed made. The evening was spent in cleaning and inspecting the truck's equipment and many worn parts on the equipment were adjusted and renewed.

No calls for assistance by the squad were received during the week.

Royal Neighbors held their regular meeting Tuesday evening. Following the business meeting cards were played. Members of the lodge will be guests of the Lake Villa Camp at an Easter Parade party April 8.

Firemen Ask Trustees To Speed Preparation For New Fire House

Also Want New Truck For
Use When New Building
Is Completed

Representatives of the fire department appeared before the village board Tuesday evening in asking that the paper work in preparation for the construction of the new fire house be speeded up.

Village Attorney George S. McGaughey said he would have the architect present the plans at an early special meeting so that the matter of preparing a referendum for a bond issue could be taken up.

The firemen obtained permission to place an order for a new fire truck as soon as they can decide what kind is needed. Approximately \$6,000 is in the treasury for the expense.

Clete Vos, fire chief, said that it would take a year and a half to get delivery on the truck and the order might as well be placed now so that it would be ready when the new fire station is completed. There is no housing place for a modern truck at present.

A little uncertainty was injected into what has been considered a settled plan to build the fire station and city hall on the west end of the ground at Main and Orchard sts. when James McMillen said that there was talk of a gift of a library and asked if it could be combined with the city hall and placed in the center of the lot.

Attorney McGaughey said that such a plan could be carried out, but in doing so the income from the sale of the spare ground to the east facing Main St., would be eliminated and without this the city could not realize enough to put up its building.

High School to Have World War II Memorial

A living memorial consisting of a group planting of evergreen trees on the Antioch Township High school grounds will be made by the Antioch Chapter of the Future Farmers of America.

The planting will be in memory of those alumni of the school who gave their lives to their country during World War II.

A bronze tablet will be installed. It will have the names of those alumni who died during the conflict.

The committee in charge has the following list of names: William Randall; Walter Edelman; Allen Hanke; Raymond King; Theodore Carlson; Thomas Manning; and Edward Knickelbein.

Relatives of others whose names might have been overlooked, should contact C. L. Kutil, instructor at the school, as it is very imperative that a complete list be inscribed on the tablet.

Appropriate dedication exercises will be announced later, but will probably be held on Memorial Day.

Mathilda Richardt Dies At Home in Wilmot, Wis. Funeral Held Tuesday

Miss Mathilda Richardt, 45, a resident of Wilmot eight years, died there at 7:30 p. m. Saturday after an illness of 20 years.

Funeral services were held at 12:30 p. m. Tuesday at the residence and at 1 p. m. at the Wilmot Evangelical church with interment of the body at Waldheim cemetery, Chicago. Rev. R. P. Otto had charge. Miss Richardt was born March 14, 1901 in Chicago, the daughter of Herman and Anna Richardt. She was employed as a telephone operator in Berwyn, Ill., before becoming bedfast. She was a member of the Wilmot church.

Surviving besides the parents are three sisters, Mrs. Elizabeth Reed, Waukegan; Mrs. Mildred Mass, and Mrs. Eleanor Jackson, Chicago.

Army Recruiting Agent In Antioch on Tuesdays

A recruiting sergeant from the newly established recruiting station at Woodstock will visit Antioch every Tuesday afternoon from 1 to 4 p. m. He will be at the postoffice and men interested in the new regular army may contact him there, or at the office at Woodstock any time from 8 a. m. to 5 p. m.

The Woodstock station is under the direction of Sgt. John Ball, a veteran of the China-Burma-India theater.

CAN BE DONE!

St. Peter's Minstrel Show Expected to be A Big Laugh Producer

The task of fitting the specialties into the regular routine of the show is in progress this week as the Breezy Inn Minstrel show sponsored by St. Peter's church readies for presentation March 16 and 17.

Already it is known that Carl Pachey and Ralph Thompson in the pantomime of "Chloe" with Thompson taking the part of Chloe will be a knockout so far as laughter is concerned.

No less humorous will be Otto Klass' song and tap dance featuring "Cause I Got Good Common Sense," "The Lion Tamer's Song," and "I've Got No Use for Sleeping."

Windsor Dalgard, another end man will sing "Kentucky Babe."

A seven-piece orchestra under the direction of Miss Mabel Lou Hunter will have real rhythm in the presentation of the "Twelfth Street Rag." Members of the orchestra are Miss Hunter, Bob Peterson, Kenneth McCord, Barney Cosgrove, Joe Cosgrove, Presley Bratrude and George Saxe.

The show will go into final rehearsal next week.

C. K. Anderson Entertains 250 on 80th Birthday Feb. 25, at Melbourne, Fla.

Six Antioch persons were among the Lake county group attending the eightieth birthday anniversary celebration of C. K. Anderson at Melbourne, Fla. Feb. 25.

Anderson, whose summer home is in Antioch, was host to 250 persons and in entertaining them he took over the Melbourne country club for golf in the morning for the ladies and for the men in the afternoon and for all at a banquet in the evening.

A cocktail hour at the Anderson home preceded the banquet. No expense was spared in making the event successful. All guests received beautiful gifts.

Lawrence Traeger of Chicago, was toastmaster, assisted by W. E. Schroeder, Evanston, Ill., and W. E. Wagner of New York. Mr. Anderson was most gracious in receiving the many good wishes and tokens of affection from his friends.

In a brief but pointed address he told of his keen interest in Melbourne and Antioch.

"I am especially interested in two towns, Melbourne and Antioch," Mr. Anderson said. "They are exactly opposites in that I like Antioch in summer and Melbourne in winter."

A "Fair Golf Score"

"I am happy to be one who has reached the age of four score years, and to have retained my health, a fair golf score, and a capacity for enjoying good food and drink," he said.

Mr. Anderson was born in Sweden. He came to this country as a boy, came west and settled in New Carlisle, Ind. In 1903 he organized the Nations Standard Co., whose main offices are in Miles, Mich., with plants in Ohio, New Jersey, Massachusetts, California, Canada and England.

Bad Fire Prevented at Pickard Pottery Plant Through Early Discovery

The arrival of a workman at the right time prevented what might have been a bad fire at the Pickard Co., pottery early Monday morning.

The employee found the building full of smoke and called the fire department.

Chief Clete Vos said that the fire had started from defective wiring and had crawled up the wall to a motor which was ablaze though in operation. The blaze was soon extinguished without great loss.

The building has equipment valued at \$36,000.

Mrs. Fred Oschmann Named Secretary of Co. Home Bureau on Tues.

Mrs. Fred Oschmann of Antioch was elected secretary of the Lake County Home Bureau at the annual meeting Tuesday in Libertyville.

Other officers are Mrs. Carl Fink, Grayslake, president; Mrs. John Stiehr, Wadsworth, vice president; Mrs. George McGaughey, Grunee, treasurer; and Mrs. Lorin P. Volk, Libertyville, home adviser.

The meeting was held in the Methodist church and the women of the church served the dinner. Reports are given by officers.

Close relatives helping Mr. Anderson celebrate included Mr. and Mrs. Russell O. Anderson, Waukegan; Mr. and Mrs. W. E. Schroeder, Chicago; Mr. and Mrs. W. E. Wagner, New York; Frank Anderson (brother), Frostproof, Fla.; John Anderson, Chicago; Mrs. Alice Slack, Chicago; Mr. and Mrs. Guy Ebert, Blue Island, Ill.; Mrs. F. J. King, and Kay Wagner of New York.

Those attending from Lake county were: Atty. and Mrs. E. M. Runyard, Chief Deputy Sheriff and Mrs. Walter L. Atkinson; Mrs. Allen Nelson, Milton Larsen and Mr. and Mrs. Russell O. Anderson of Waukegan; Mr. and Mrs. Henning Johnson of Deep Lake; Mr. and Mrs. Edmond Vos; Mr. and Mrs. Harry Krueger, Paul Ferris and Mrs. Drucilla Ferris of Antioch, and Dr. and Mrs. Daniels formerly of Waukegan.

The Melbourne postoffice and Western Union had a rush of business in delivering letters and telegrams of congratulations. One hundred and twenty-five telegrams were presented to Mr. Anderson at the banquet. Among them was one from Dr. Preston Bradley, noted Chicago pastor of the People's church which was founded by Mr. Anderson and of which he has been a trustee for 30 years.

Board Orders New Village Ordinance For Sewer Rates

Minimum \$1.65 a Quarter
With Sliding Scale on All
Greater Usage

Village Attorney George S. McGaughey was instructed by the village board Tuesday evening to give the White-Phillips banking firm of Chicago the go-ahead signal in preparing a new sewer assessment ordinance.

The ordinance will regulate the income on the proposed new sewage system and is a basis on which the bank will be able to sell revenue bonds.

Sewer service will be provided on a basis of \$1.65 a quarter a customer for the minimum of \$6,000 gallons of water intake. On a sliding scale the rate drops from 22 cents a thousand to 10 cents a thousand limit on the 25,000 gallons intake.

The board made the combination rate of water with sewer service the same as were they separate and was told that there would be but one user for sewage alone, although there would be quite a number using the water service without the sewer service.

The White-Phillips company had first planned a surplus of \$13,000 at the end of the final payment as a leeway, but the board thought \$9,000 was sufficient. This amount may grow with the growth of the number of sewer users and if it does, the rate may be decreased by the board.

The plan is to retire the bonds in 10 years.

Legion Cagers to Meet Richmond on Home Floor Tonight

Antioch Legion basketball teams will play Richmond this evening on the high school floor for a return game, in the second round of league play. Antioch was victorious in the first meeting of the two teams at the beginning of the league season.

Split With Wauconda

A double header was split between Antioch and Wauconda last Thursday evening when the heavyweight teams wound up with the locals on the long end of a 22-43 score and the lightweights were beaten 29-38.

The Antioch teams will take part in an invitational tournament to be played off on Monday and Tuesday evenings at Zion township high school gymnasium. Teams competing in the tourney include Zion Moose, Zion Legion, Waukegan Moose and Antioch.

League Officials Meet Here

A meeting of the league officers was held last Monday evening. Plans were made for the purchase of trophies for presentation to the teams winning first place in the two divisions. Representatives from Richmond, Wauconda, Fox Lake and Grayslake attended the meeting.

V. F. W. Auxiliary Elects Officers and Arranges For Card Party, Mar. 18

Sequoit Post 4551, Auxiliary to the Veterans of Foreign Wars of the United States, held its election of officers Monday at the Guild hall.

Many members were absent on account of illness, but a good sized crowd attended and made possible the election of the following officers for the coming year:

Mrs. Gertrude Flint, president; Olive Hallwas, senior vice president; Lydia Edwards, junior vice president; Mary Chapman, treasurer; Nellie Hanke, chaplain; Mary Kohler, conductress; Myra Randall, guard; Ethyl Zimmerman, trustee.

Installation will be held later.

Arrangement was made at the meeting to hold a card party Tuesday evening, Mar. 18, at the Guild hall. Prizes will be awarded and refreshments will be served. Bridge, five hundred, pinocle, and bucco will be played.

A drive for new members will be started by the post soon.

Third Dinner Scheduled

The third of the Lenten luncheons provided by the St. Ignatius Episcopal church women will be served Wednesday, March 12, starting at 11:30. The public is invited.

The Public Is You

In a thoughtful article in the Atlantic Monthly, Richard E. Danielson writes on "The Right to Strike." In his conclusion, he states that one principle which must govern the exercise of all human rights is that the public good is always controlling. He then says: "Except as you subscribe to and support this doctrine, you are not entitled to the exercise of any right of any character whatsoever. The public is not an abstraction. It is everyone, the mass of us trying somehow to build things better in a sorry world. It includes the housewife and the clerk, it includes the farmer and the young mother, it includes John Lewis and the miners of coal, it includes doctor, merchant, lawyer, chief, the student, and the soldier. The rights of each must yield to the public good. And the public is you."

Here is the yardstick by which the practices of labor, and proposed legislation dealing with labor questions, must alike be measured. Does the closed shop, which denies a living to a man unwilling to pay tribute to a union, serve the public good? Does industry-wide bargaining, which gives one or a few labor leaders the monopolistic power to completely prevent the production of vital goods and services without notice serve the public good? Does the law which prevents employers, under threat of severe penalties, from honestly presenting to employees their views on controversial labor matters serve the public good? Does that vicious monopoly, the closed union, serve the public good?

The answer the American people make to these and kindred questions will find their reflection in the law. As Mr. Danielson said, the public is you—and it is your rights which must be protected.

Every 53 Seconds

Every 53 seconds a fire breaks out in the United States. Every two minutes an American dwelling catches fire. Every fifty minutes someone dies in a fire or from burns.

These grim truths were recently aired over the radio, by State Fire Marshal McCormack of Tennessee, who spoke on one of the weekly nationwide broadcasts sponsored by the National Board of Fire Underwriters.

Mr. McCormack further observed that nearly 1,000 fires occur in homes alone each day and a total of more than 650,000 fires happen in this country annually.

Ninety per cent of all these fires are the result of some careless act. "Careless use of matches and smoking," he said, "account for 30 per cent of all fires—Defective electric wiring and appliances, faulty cooking and heating stoves, and carelessness with gasoline and other inflammable liquids account for 46 per cent more!" At the end, Mr. McCormack urged his listeners to organize their own fire prevention programs to correct the common hazards of fires in homes. This is the very essence of fire control. National and community campaigns, vital as they are, cannot do the whole job. The problem of fire prevention comes down to every home and every resident within it. And that is simply a way of saying that the problem of fire prevention comes down to you!

* * *

We Accept The Super State

An economic change is taking place in the Pacific Northwest area of the United States, of which comparatively few people are aware. Under the guise of correcting financial abuses in the electric power industry, a school of politicians with strong leaning toward socialism started over a decade ago to build government power plants for the alleged purpose of furnishing yardsticks wherewith to measure rates of private companies. The yardstick could be stretched or shortened to any desired length because the government plants were granted tax subsidies and tax exemptions not accorded competing electric companies.

That the plan worked, has now been demonstrated. The State of Tennessee has a tax-subsidized public power monopoly. Lesser sections are similarly affected.

And now witness the Pacific Northwest. All the private power companies and the big municipal plants in Tacoma and Seattle have been brought to their knees. For 10 years, due to the government's power development program at Bonneville and Grand Coulee, independent power expansion has been practically stopped, as highly taxed electric companies could hardly hope to compete with tax-exempt government power plants into which hundreds of millions of dollars of taxpayers' funds were being dumped.

So today we have the spectacle of a rapidly growing Federal power monopoly changing independent electric systems into mere agencies to distribute public power until such time as the public agencies deem it advisable to go into the distribution business themselves.

Congress is asked for new millions in appropriations each year by the Federal power bureaucracy to extend this socialization program, and thereby eliminate American initiative in the power field. Thus a new chapter is being written in American history. No matter how you gild it, it is piecemeal acceptance of the Russian and German philosophy of the superiority of the state over the individual, and that is not the basis on which either our government or industrial structure was founded.

home for several days last week. Mr. and Mrs. Fred Oldenburg and son, from Genoa City, spent a couple days at the Kanis home at the same time.

Mr. and Mrs. Frank Zarnstorff, Sr., of Richmond, were dinner guests of Mr. and Mrs. Fritz Oetting Sunday. In the evening the Oettings entertained Mr. and Mrs. Clifford Schaal and son, from Slades Corners.

Mr. and Mrs. Herman Frank visited Saturday evening with Mr. and Mrs. Eugene Frank at Burlington.

Mr. and Mrs. Ernest Otto were guests Sunday of Mr. and Mrs. Emil Jennrich, at Antioch.

Mr. and Mrs. Cyril Pacey spent the weekend at Leaf River, Ill., helping their friends, Mr. and Mrs. Loren McGee move onto their new farm.

Sunday Mr. and Mrs. Mathew Thom and Paul were guests at Jake Thoms in Burlington, to visit with Pvt. Philip Thom, who was home from Scott Field, Ill.

Mr. and Mrs. George Feldkamp and son spent Sunday in Kenosha with Mr. and Mrs. Lester Feldkamp.

Thursday, Mrs. Mathew Thom spent at Twin Lakes with Mrs. James Schneider.

The Union Free High school basketball team won Consolation championship at the Elkhorn Tournament the last of the week. The team lost to Beloit the first game 63 to 26 and defeated Whitewater 27 to 25 and Oconomowoc 37 to 36.

Mrs. Ernest Otto is to entertain the members of the Jolly Eight club at a birthday party in her honor on Friday afternoon.

Mr. and Mrs. Mathew Thom spent Friday at Mazon, Ill.

Mr. and Mrs. George Higgins accompanied by Mr. and Mrs. Charles Curtis, Kenosha, Mr. and Mrs. Clarence Sheen, Trevor, who were at Pomona, Calif., have been together in southern California recently touring Santa Monica, Inglewood, Sally Rand's farm and expected to attend a Queen For A Day broadcast.

MATHILDE P. RICHARDT—Mathilde Pauline Richardt, daughter of Herman and Anna Richardt, died at her home Saturday after an illness extending over 25 years, with arthritis. She was 45 years of age and was born in Chicago on March 14, 1901. She was christened and confirmed a member of the Lutheran church in Chicago and attended the public grade and high schools in that city. She was employed as a telephone operator until ill health prevented her from working.

In 1939 she moved with her parents to Wilmot which has been her home since. She is survived by her parents and three sisters, Mrs. Elizabeth Reed, Waukegan; Mrs. Mildred Maas and Mrs. Eleanore Jackson; three nieces and a nephew. Funeral services were from the Peace Lutheran church in Wilmot at one o'clock on Tuesday with burial in the family plot in the Waldheim cemetery at Chicago.

Mrs. Charles Hasselman entertained for a group of friends at her home on Thursday afternoon on the occasion of her birthday anniversary. Lunch was served at 4 o'clock for the following guests: Mrs. Henry Blessman, Mrs. Ollie Lubeno, Mrs. Mike

Buckman, Mrs. Lewis Hasselman, Mrs. August Schultz, Miss Marie Lubeno, Arthur Hessler, Jr., Mrs. Doris Richter and Faye Ann, and Mrs. Vivian Holtdorf, all of Silver Lake, Mrs. Arthur Bushing, Salem, Mrs. Fred Wilde and Mrs. Ray Washtock, from Kenosha.

In the evening the relatives of Mrs. Hasselman at San Antonio, Texas, held a party and then telephoned to Mrs. Hasselman so that every member of her family was able to converse with her and extend felicitations for the day.

How U. of Ill. Enrolled 28,553 This Year

Temporary Housing, Two New Branches Met Emergency.

Here is how the University of Illinois in the fall of 1946 met the unprecedented demands for education placed upon it by 28,553 veterans and others who flocked to it.

Its peak pre-war enrollment in the fall of 1938 was 12,631 at Urbana-Champaign, 1,242 in the Colleges of Medicine, Dentistry, and Pharmacy at Chicago, and 270 extra-mural students.

University authorities moved swiftly last year when it became evident that all previous enrollments would be dwarfed. At Urbana-Champaign, the University converted into dormitories the Gymnasium Annex, Ice Rink, and space under Memorial Stadium, brought in temporary housing facilities, and campaigned for more student rooms in local homes. It estimated that probably 14,000 could be accommodated. But actual enrollment at Urbana was 18,378.

Additional teachers were found and classes were put on a schedule from 7 a. m. to 10 p. m. including noon and evening meal hours. On its medical campus in Chicago enrollment went to 1,505.

The facilities at Urbana-Champaign were far from enough to meet the need. Three more steps were taken.

Arranged with 31 Illinois high schools to utilize their facilities, including staff members, for freshman courses to be presented in the late afternoon and in the evenings. Enrollment was 3,115.

In Chicago, it took over a large part of Navy Pier and converted it into an undergraduate division of the University where 3,846 enrolled.

With the demand still continuing, the University also took over the extensive plant of a former Army general hospital at Galesburg for another undergraduate division to teach and house 2,000.

Galesburg Unit Of U. I. Termed Unique Campus

"A University unique in the history of education." Such is the phrase used to describe the University of Illinois Undergraduate Division at Galesburg by President George D. Stoddard.

The 160-acre Galesburg campus, formerly the army's Mayo General Hospital, is one of the most unusual in the world. Remodeled for use by the University, it comprises 117 permanent brick buildings connected by covered, heated corridors. With facilities for 2,000 students, it has openings for housing and teaching 1,500 newcomers in February.

The facility was declared surplus by the army and turned over to the State of Illinois late last fall. Governor Dwight H. Green assigned it temporarily to the University in response to the request by President Stoddard and Park Livingston, president of the University board of trustees.

The two officials pointed out that the Urbana-Champaign campus and Navy Pier in Chicago would not be adequate for the unprecedented demands for higher education, mostly by veterans.

Transfer of the hospital to the University was made on Sept. 21 and classes begun exactly one month later, on Oct. 21. Dean Frederic R. Hamilton was called upon to establish a complete and co-ordinated unit of undergraduate study in 30 days. Actually it was less than that, since Dean Hamilton did not receive his unusual assignment until Oct. 1.

It was the "work according to schedule" of University physical plant engineers plus the accomplishments of administrative personnel and faculty which prompted University officials here to acclaim the Galesburg Division as "one of the most rapidly developed universities in the history of education."

The physical facilities proved ideal for establishing a University and provided Illinois with "the top spot in the nation, when other institutions are overcrowded and turning students away," said Dean Hamilton.

WILMOT

The Wilmot O. E. S. Chapter held installation of Officers on Wednesday evening. Chapter No. 38 installing officers were Mrs. Ella Sweet, Richmond, Ill., installing matron; installing patron, Harry Lubeno, Trevor; installing marshal, Olive Hope, Salem; installing chaplain, Mrs. Edith Hockney, Silver Lake. Officers that were installed are: worthy matron, Mrs. Georgia Panknin; worthy patron, Harry McDougall; associate matron, Mrs. Cora Rasch; associate patron, Chester Hockney; secretary, Mrs. Flo Westlake; treasurer, Mrs. Florence McDougall; conductress, Mrs. Elona Sarbacker; associate conductress, Mrs. Angeline Lischka; chaplain, Mrs. Elizabeth Bruel; marshal, Mrs. Ann McCallum; organist, Mrs. Hannah Becker; warder, Mrs. Edna Allen; sentinel, Philophena Hoehn; Ada, Mrs. Daphne Loftis; Ruth, Mrs. Georgia Button; Esther, Mrs. Eunice Loth; Martha, Mrs. Ardis Freeman; electa, Mrs. Marie McCallum.

Mr. and Mrs. Elmer Rasch attended a party for Mr. and Mrs. Harold Bjerning at Genoa City Saturday night.

Mr. and Mrs. Winsor Madden and daughter, Carol Sue, of Zion, called Saturday on Mr. and Mrs. Herbert Sarbacker. Sharon Madden returned home with them after a week with Mr. and Mrs. Herbert Sarbacker.

Mr. and Mrs. Harley Shottliff, Louisville, Ky., spent from Thursday to Sunday with Mr. and Mrs. R. C. Shottliff. The Shottliffs entertained at a dinner on Sunday for them and for Mr. and Mrs. Stanford Heide, Kenosha, and Mr. and Mrs. Lyle McDougall.

Mr. and Mrs. W. R. Schenning, Rose Schenning and Percy Mizzen spent Saturday in Chicago. The men attended the Sports and Travel show.

Mr. and Mrs. Harry McDougall were guests Sunday of Mr. and Mrs. Gilbert Runkel at Wheatland.

Guests at the home of Mr. and Mrs. Paul Voss the past week included Mrs. Harmon Swantz, of Union Grove, Mr. and Mrs. Lloyd Voss and children of Solon, Mrs. R. Marzahl, Louis and LeRoy from Fox River.

Mr. and Mrs. George W. Lewis, Sr., were in Milwaukee for the day on Sunday.

Guests of Paul Ganzlin during the past week were Paul Schmalfeldt, Russell Schmalfeldt, Kansasville; Gus Ganzlin, Silver Lake, and Vincent Scherer, New Munster.

Mr. and Mrs. Walter Frank were guests of Mr. and Mrs. Walter Procknow at DesPlaines on Sunday.

Mrs. Fred Rasch, Mrs. Frank Zarnstorff, Sr., Mrs. Arthur Holtdorf and Mrs. Herman Frank were in Kenosha Thursday.

The Junior Class play "A Date With Judy" will be presented Friday evening at 8:15 on March 7 at the Wilmot gymnasium. The play will be directed by Mary Newell.

Mr. and Mrs. Ervin Rasch and children, Ray J. Austin were guests for the day Sunday of Mr. and Mrs. Norman Rasch at Sturtevant.

MILLBURN

Rev. L. H. Messersmith has chosen "The Power of Faith" as his sermon topic for Sunday morning. For the evening service he will give the third in a series of sermons on Prayer and this topic will be "Adventures in Prayer."

The Mother and Daughter banquet sponsored by the Ladies Aid Society will be Saturday evening, March 8. Mr. Orville Hairell submitted to an appendectomy at Condell hospital in Libertyville Saturday.

Mr. and Mrs. Otto Hauser and son, Donald, of Wadsworth, spent Sunday evening at the Frank Hauser home.

Mrs. Ida Truax and daughter, Lois, were dinner guests at the home of Mr. and Mrs. Fred Tebbin in Waukegan Sunday.

Mrs. L. H. Messersmith was hostess for a Stanley Products party at her home Tuesday evening with 15 ladies present for the demonstration given by Mrs. Guerdon Worth.

Mr. and Mrs. Ed Druce, of Grange Hall, spent Friday afternoon at the Ed Hoffman home.

Mr. A. B. McDonald spent Thursday and Friday in Springfield.

Miss Marian Edwards, of Libertyville, called on Mrs. Jesse Janus at the Harry Shank home Sunday afternoon.

The Couple's club had a good crowd at the basket social Friday evening.

Rev. L. H. Messersmith left Monday for Washington, D. C., where he will attend a three day conference for rural ministers.

Eighteen young people of the C. E. society enjoyed a party at the home of Mr. and Mrs. Frank DeYoung at Lake Villa Saturday evening.

Miss Thelma Clark spent the weekend with Miss Patricia Arney at La-

Grange, Ill.

Mr. and Mrs. O. L. Hollenbeck were callers at the Ed Gillings home in Zion Wednesday afternoon.

Mr. and Mrs. John Edwards and family and Miss Marian Edwards of Libertyville, and Mr. and Mrs. Frank Edwards were guests at the home of Mr. and Mrs. J. Kaluf Sunday in honor of Mr. Kaluf's 77th birthday anniversary.

HICKORY

Mr. and Mrs. Bert Edwards announce the arrival of their first granddaughter "Mary Catherine Edwards" born to Mr. and Mrs. Harold Edwards of Madison, Wis., in Kenosha on Friday, Feb. 21.

Mr. and Mrs. Chris Poulsen moved last Sunday to the West View Farm, near Whitewater, Wis., that they recently purchased. They have resided here for the past thirty years.

Miss Caryl Tillotson, of Rochelle, Ill., was home over the weekend.

Mrs. E. W. King spent Monday with the G. A. Lange family at Hebron.

Mr. and Mrs. S. J. Handley returned to their home after spending the winter with relatives in Hamburg, New York.

Mr. and Mrs. C. K. David, from Hammond, Ind., visited Mr. and Mrs. William Horton, Sr., last Friday.

George Handley, of Chicago, called at William Thompsons Sunday afternoon.

Mrs. A. T. Savage called at the Fred Gillings home at Gurnee Monday afternoon, March 3. The latter were celebrating their Golden wedding.

Roger Nothing, of Mundelein, spent Saturday and Sunday with Jerry Hunter.

Austin Savage attended the Annual Home Bureau meeting in Waukegan

Tuesday of this week.

Mr. and Mrs. Nelson Gossop, of State Line Road, called on Mr. and Mrs. Wm. Horton, Sr., Wednesday evening.

Mr. and Mrs. Ward Edwards and two sons, from Rockford, visited the Bert Edwards home on Sunday, March 2. In the afternoon both families went to Kenosha to see the new baby.

Mrs. Curtis Wells celebrated her birthday of March 3, with her family home for Sunday dinner.

ROUTES 21 AND 173 - ANTIOCH, ILL.
PHONE 353

There's a thousand miles of railroad
in your steak tonight!

Yes, and that's part of what goes to make it good.

The railroad's chore—bringing farm produce to mills and markets—helps give you, a lucky American, better food and better living than any other people enjoy. That's because, for one thing, America has nearly one third of the world's railroad mileage . . . the most efficient inland transportation system on earth.

And the Soo Line serves a vital 4,200 miles of that system . . . with 113 trains daily hauling all manner of farm produce to market, transporting the finished foods again to some 500 towns in this great Northland area.

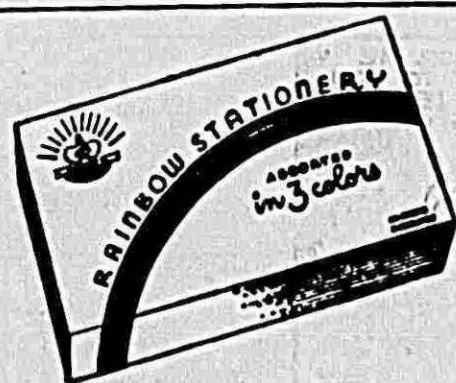

Chances are, Soo Line trains and Soo Line people had a hand in providing every meal you eat. And we're proud of it. Glad to be, as we always try to be—

The Antioch News

There's a place for YOU in the
4-H parade!

Rewards for 4-H Work are many and varied. Picnics, camps, trips and outings are only a few. Each year state winners, like the group above, are chosen to attend the annual National 4-H Club Congress in Chicago where they vie with winners from other states for National Honors.

Recreation and Responsibility come with the social activities and business meetings which are held at regular intervals by the 4-H Clubs and their nearly 1,700,000 members. Here the happy Sandy Ford Jr. display a few of their domestic projects at the LaSalle County Home Economics Show.

JOINING THE RANKS of the 35,000 boys and girls who are members of Illinois 4-H Clubs is a pleasure and a privilege for young and old alike. Membership in this world-wide rural organization provides both parents and children with many advantages. It provides an opportunity to participate in clubwork that teaches skills and knowledge of permanent value. It teaches community leadership, gives them experience in democratic living, and fills the need for wholesome recreational and social activities.

Another National 4-H Club Enrollment Week is here. Parents are urged to encourage their children and other children to join the local 4-H Club. If there is no local club, a group of five or more is all that's needed to start one. Perhaps you can serve as its leader or help secure 4-H for your community. Don't miss this chance to voluntarily act as friend and counselor to Young America.

Livestock Projects are favorites with thousands of 4-Hers like Phil Firkin and his assistant club leader, John Olson. Competition at 4-H Club Fairs provides fun and frolic . . . brings about livestock improvement . . . helps establish business contacts that will be of help in the future.

Head, Heart, Hands, and Health team up to make an unbeatable combination wherever 4-Hers like the Flanagan Hunters meet. Rural boys and girls between ages of 10 and 20, in a group of 5 or more, perform specific farm and home duties under the supervision of a local 4-H Club adult leader.

NATIONAL 4-H CLUB WEEK

Get complete details on club membership and organization from your farm or home advisor now!

SOCIETY EVENTS

Channel Lake Club Plans Party To Pay For School Lunches

The Channel Lake Community club is giving a progressive card party at the school on Thursday, March 13. All pinocle, 500, bridge and buncos players in the community are promised an enjoyable evening. Play will start at 8 p. m. with a bonus score for promptness.

Refreshments will be served by Meses. John Hojem, Richard Seyfarth, Leonard Case, Harry Beckman and Vern Heath.

The Community club was called in to special session recently by James Van Cura, president, in discussing the statewide emergency facing the school lunch program. Federal funds in Illinois will be exhausted at the end of March, and state funds at the end of April, unless congress votes a deficiency appropriation.

To effect a saving in labor costs, Mrs. Elmer Rudolf, cook's assistant, offered her resignation, and is now organizing the mothers into volunteer kitchen helpers.

The hot lunch chairman, Mrs. Seyfarth, hopes to continue serving the children hot lunches, despite the emergency. Plans are well under way for the card party on the 13th in earnest to raise the necessary funds.

Wesley Circle Sponsors Show at Antioch Theater

The Wesley circle of the Methodist church is sponsoring the picture "Her Highness and the Bell Boy" at the Antioch theater Wednesday and Thursday of next week. The picture features Hedy LaMarr and Robert Walker.

The organization will profit from all tickets sold at Ted's Sweet Shop and the Antioch News.

Parent-Teacher Club Changes Meeting Date

The Antioch Parent-Teacher association will have its regular meetings on the third Monday of each month instead of the second, William Horton, chairman of publicity announced.

The next meeting will be on March 17. At that time final plans will be made for the card party and dance on March 29. Tickets will be sold by merchants.

The meeting night was changed because of the conflict with the Lions club meeting.

LILA DALGAARD HONORED AT BRIDAL SHOWER

Lila Dalgaard was honored with a bridal shower at the residence of her grandmother, Mrs. Sol LaPlant with Mrs. Armand Dalgaard as hostess last Thursday afternoon.

Luncheon was served to 25 guests. Miss Dalgaard received many lovely gifts. She will become the bride of Edmund Palinski Easter Sunday.

Mrs. Robert Taylor and son, Ronnie, are the guests of Mrs. Taylor's brother, Homer Edwards, and family at Wayne, West Virginia, this week.

Mr. and Mrs. Glen Waller returned to Antioch this week after spending several weeks at Hollywood, Fla.

Mr. and Mrs. James Webb returned home this week after spending several months in Florida.

Sammy Klass, son of Mr. and Mrs. O. S. Klass left Tuesday for Galesburg, Illinois, where he will attend an extension school of the University of Illinois.

Dr. and Mrs. Hays left Sunday for a few weeks vacation trip to Hot Springs, Ark.; they expect to visit friends in Eureka Springs and to spend a few days in the Smoky Mts.

V. F. W. Elects Strang Commander for Year; Considers Buying Home

Sequitt Post, Veterans of Foreign Wars chose Robert Strang to head their organization as commander during the coming year. He succeeds Willard Schneider who becomes past commander.

Other officers selected Tuesday evening are Herman Meinersmann, vice commander; Herman Cunningham, junior vice commander; and Jack Seib (re-elected) quartermaster. Installation will take place April 22.

The post discussed the purchase of property for a home and while no direct action was taken, a committee was appointed to investigate the possibilities.

Woman's Club Dines And Hears Illustrator At Monday Meeting

Fifty-three guests and members of the Antioch Woman's club dined at Adolph's Channel Inn Monday evening and heard an illustrated talk by Miss Lois Fisher, illustrator of the Chicago Tribune.

Miss Fisher through her chalk talk gave her opinions on current events. Depicting the United Nations organization as a medium through which the idea of a brotherhood of man may be expressed she showed that united action for peace can only come through subjection of personal ambition of individual nations to the good of the whole.

Group singing to the music of Frank West and his accordion was led by Mrs. Barbara Madden.

Memorial Mass Planned At St. Peter's Church For Lt. A. J. C. Graham

A memorial mass will be said March 11 at St. Vincent Ferrer church, River Forest, Ill. and at St. Peter's church, Antioch, Ill., which would have been the 27th birthday of the late first lieutenant Anton J. C. Graham who was killed while leading Co. I-9th Infantry, 2nd Division United States Army in the battle for Brest, France.

Lt. Graham received many decorations for gallantry in action and his parents, Mr. and Mrs. Richey V. Graham of 1341 Park ave., River Forest have donated to the McNeill Memorial hospital, Berwyn, Ill., the site of which shortly will be erected a nurses home to be known as the Lt. A. J. C. Graham Memorial Nurses home.

Lt. Graham's two other brothers in the service Major Richey V. Graham, Jr., who was wounded twice while commanding Co. F and Co. G with the 78th Division and Corporal Robert J. Graham who was with the 94th Division both did considerable fighting against the enemy.

Mrs. Fred Franklin, of Stella's Beauty Shoppe, attended the Midwest Beauty and Trade show at the Sherman Hotel Monday. Mr. and Mrs. Franklin and Mr. and Mrs. Eric Kerschke attended the Sports and Travel show in Chicago Monday evening.

Mrs. Gretchen Meinersmann and Mrs. Bruno Richter returned home Tuesday after a months vacation in Mexico.

Mrs. Hedwig Chinn of the Powder Puff Beauty Shoppe, attended the Midwest Beauty and trade show at the Sherman Hotel in Chicago Monday.

Mrs. Russell Lasco was taken to St. Therese hospital Wednesday where she will remain for observation.

Fruit Growing Meeting Wednesday, March 12 At Farm Bureau Office

A meeting on fruit growing will be held at the Farm Bureau office in Grayslake on Wednesday, March 12, starting at 1:30 p. m. according to an announcement by farm adviser, Ray T. Nicholas.

This meeting is being held in co-operation with the Agricultural Extension Service and is another in a series of meetings sponsored by farm adviser Nicholas to bring to Lake County people the latest information on subjects of interest in Lake County.

Mr. V. W. Kelly, associate professor in horticulture, will discuss variety selection of fruits, planting cultural practices, and other problems. Control of pests will be discussed by Mr. S. C. Chandler of the State Natural History Survey. This meeting is open to all who are interested, and everyone is invited to attend.

U. of I. Offers 78 Courses At Galesburg

U. of I. Branch Has Living, Teaching Accommodations For 2,000 More.

Seventy-eight different courses are available at Galesburg and the University has announced more will be added later. The regular University of Illinois entrance requirements are applicable to Galesburg students.

"All students enrolled at this division study the same texts, take the same courses, follow the same procedures, and maintain the same high standards as do the students on the Urbana-Champaign campus. Our differences are merely differences of location," said President George D. Stoddard.

While most of the nation's colleges and universities can admit few new students next semester, and the Champaign-Urbana campus of the University of Illinois restricting enrollments in several departments, the University's Galesburg Division has living and teaching facilities for 1,500 new students.

This Undergraduate Division, established last fall, is offering freshman and sophomore instruction in Commerce and Business Administration and in Liberal Arts and Sciences, and also first year courses in Engineering.

Teaching is of the same quality and faculty of the same standard as on the University's Urbana-Champaign campus, and students transferring from Galesburg for advanced work on the main campus will receive full credit.

Galesburg students have priority over outside students in transferring for advanced training. University trustees have ruled.

A division of special services for war veterans has been created to find the correct curriculum for individual veterans and provide desirable revisions in existing programs of study.

Courses from the following list of subjects may be selected by Undergraduate Division students at Galesburg:

Accountancy, botany, chemistry, economics, English, French, engineering, drawing, German, geography, geology, history, hygiene, mathematics, philosophy, political science, psychology, sociology, Spanish, speech, rhetoric, physical education, physiology, physics, and zoology.

Due to record-breaking enrollment of 18,378 students on the Urbana-Champaign campus of the University of Illinois, classes are held from 7 a. m. to 11 p. m.

Cool Milk
Milk, after being drawn, should be cooled in winter just as in warm summer weather. Prompt cooling prevents growth of bacteria.

Forest Fires
Every year 210,000 forest fires burn, damaging an area the size of New York state.

Navy Captain Becomes Dean In Same Spot

Charles C. Caveny exchanged his Navy captain's uniform and his post as head of the Navy training schools at Navy Pier to become Dean of the new Chicago Undergraduate Division of the University of Illinois —at Navy Pier.

Dean Caveny served as educational officer and executive officer of the Navy training schools which graduated 50,000 men during the war.

"As chief administrative officer of the new Chicago division of the University, he has been largely responsible for converting the Navy base into a college to accommodate 4,000 Chicago-area students.

In addition to his wartime service in education, Dean Caveny has a background of 11 years' experience as a member of the faculty of Pennsylvania State College. He also has served as regional supervisor of the State Department of Public Instruction and a special representative of the United States Office of Education.

He is a graduate of the University of Pittsburgh and holds his graduate degrees from Pennsylvania State College.

Southern Cross

Brazil's monetary unit, cruzeiro, was named for a constellation known as a guide to countless mariners in waters south of the equator—the southern Cross. Records show a drawing of the Southern Cross was one of the first souvenirs sent to King Manoel of Portugal by Pedro Alvares Cabral, following his voyage of discovery to Brazil in 1500. Today the stars of the great constellation are depicted in Brazil's flag and coat of arms as well as in its money.

Rare Metal
It takes many tons of ore to obtain an ounce of palladium, one of the rarest of precious metals, which is classified in the platinum-family group.

Cause Chapping
Frequent hand washing is important to remove the dirt and dust that can cause chapping.

Syrup Minerals
The energy value of syrups is well known but only in recent years have we become interested in their mineral content. Sorghum and sugar cane syrups have a very high iron content. The farm-produced syrups evaporated in iron pans are especially high in iron, and research has shown that sorghum syrup is two and a half to five times richer in iron than cane syrup prepared by the same method. Both cane and sorghum syrups have a good deal of calcium, too.

Whalebone Scarce
The influence of human fashions in the era of women's garments in the eighteenth century led almost to the extinction of the great Greenland whale when the price of whalebone rose to more than \$1,400 per ton. Steel and plastic stays now replace whalebone for stays in corsets, and fine whalebone, used for other purposes, now brings the much higher price of some \$3 a pound because of the scarcity of the species of whales that produced it.

Clothing Bag Helpful
Sunlight and artificial light weaken wool fabric and fade colors. A clothing bag is sometimes a protection from light as well as dust.

New Bed for Polio Victims
An oscillating bed with an electronic drive has been developed to further treatment of infantile paralysis victims.

FACT AND SCRIPTURE

From the various kidnap cases we learn that freedom is not easily achieved. The unfortunate victim is at the mercy of the abductor. Imagine the joy—the appreciation of a new lease on life when the ransom is paid and the abductor releases the captive.

Are we not all under the curse and bondage of sin? It is written, "There is none righteous, no not one." Rom. 3:9

He that committeth sin is of the devil; for the devil sinneth from the beginning. For this purpose was the Son of God manifested, that he might destroy the works of the devil. 1-John 3:8.

For if the Son therefore shall make you free, ye shall be free indeed. John 8:36

Emanuel Thiele.

Thieves Hidden In London Fog Steal \$32,000

Carry Ladder to Home of a
Society Woman and Nab
Rare Jewelry.

LONDON.—London was covered by such a dense fog recently that burglars were able in broad daylight to lug a ladder to a society woman's home, run it up to her boudoir window and make off with \$32,000 worth of diamond and sapphire rings.

The ladder was not noticed and the burglary was not discovered until the woman, Mrs. Irene Roberts, had occasion to look into her jewelry casket. She offered a \$3,200 reward for information leading to the recovery of her jewels.

The burglary broke a brief surcease in an epidemic of "society page" jewel thefts. They began last October, when \$100,000 worth of jewels were stolen from the duke and duchess of Windsor.

Queen Is Marooned.

Visibility was about three feet in the fog, one of record heaviness in a city renowned for its fogs. Thousands of persons became lost, including Queen Elizabeth, who was marooned in her automobile 100 yards from Buckingham palace and had to be rescued by a police searching squad.

The fog was accompanied by a sharp drop in temperature, freezing a thin layer of ice on streets and sidewalks.

Ferry service had to be suspended between Portsmouth, Southampton and the Isle of Wight. Buses crawled along; trains were hours behind schedule. Firemen had to walk ahead of their trucks to fires, and when they got to them the fog hampered their work.

All four main railroads reported delays. Even subway service was slowed because thousands of people who normally ride buses were using the tubes.

At Southampton, where the fog was as thick as it was in London, the United States Lines' ship America had to postpone its departure for Le Havre.

Three K.L.M. (Royal Dutch) airlines planes that had no choice but to land in the fog were talked to the ground from a control tower after special sodium flares were lighted and rockets fired to give the pilots the outline of the field. Two flights to the United States were canceled.

Several Accidents.

Several accidents were reported, but injuries were minor. A ferry carrying 40 passengers collided with the Hampton ferry at Southampton. Three persons were slightly injured. The ferry had taken three hours to make a run that usually takes 15 minutes.

The fog fell during the rush hour, aggravating the general confusion. Police cars with loud-speakers were parked at strategic points, warning motorists to be careful and giving groping pedestrians a "fix." One motorist said it took him two hours and 35 minutes to drive two miles.

Subways stopped running at midnight, and many had to spend the night where they were if they did not reach the stations by that time. At Wembley skating rink more than 2,000 persons sang and skated all night because they couldn't get home.

When fire broke out in a London crematorium, firemen had to walk ahead of their trucks with lights. When they arrived at the fire, they lighted acetylene flares so they could see what they were doing.

A chapel at Putney Val cemetery caught fire. The fire was so well advanced by the time the firemen had groped their way to it, there was little they could do.

Indict Parents in Death of

Son; Refused to Call Help

EASTON, PA. — William Focht, 55, and his 46-year-old wife, Ada, were under indictment on involuntary manslaughter charges in the death of their 2-year-old son.

The Northampton county grand jury ordered the two held for trial on the charge after Coroner D. F. Bachman testified the couple refused to call a doctor for their son, Edwin James, who fell into a can of boiling water last September.

Dr. Bachman told the jury the boy would have had a 50-50 chance of recovering if he had been given prompt medical aid. The Fochts, he said, belong to a healing sect which opposes medical attention.

Man With Toy Pistol Routed

In Post Office Holdup Try

BALTIMORE, MD. — Campbell Farrow, money order clerk, routed a man who attempted to hold up a suburban branch post office with a toy pistol.

Police said they arrested a man with a toy gun about a block away a few minutes later.

Farrow related that a man walked up to his window, pushed a red crayon note which read: "Turn over all the money in the drawer and keep quiet."

Farrow dropped to the floor of his cage, grabbed a gun which he kept there, and shouted to other clerks: "Look out . . . a holdup." The man fled.

C. K. Anderson Celebrates 80th Birthday

Charles K. Anderson, Antioch resident, is shown addressing his guests at the banquet in Melbourne, Fla., Feb. 25, on the occasion of his 80th birthday anniversary.

Bank Manager Dupes Robbers To Call Police

Holdup Men Had Sopped Up
\$61,230 When Cops
Arrested Them.

DETROIT, MICH. — Two gunmen who scooped up \$61,230 in an attempt to hold up a downtown bank were nabbed within two minutes as the bank manager tricked them into sounding the burglar alarm.

The men were captured at gun point by police as they tried to flee out the rear door of the bank, loaded down with money bags and a cardboard box full of currency.

Nine employees and two customers were in a branch of the Detroit bank when the two men, posing as customers, entered in midmorning. Suddenly they whipped out revolvers and forced Robert Burns, bank manager, and 10 other persons into a corner near the vault.

Robber Presses Button.

They ordered Burns to open the vault cage door, which was locked, but he said he was unable to do it alone and asked one of the bandits to help. The unsuspecting gunman, acting on Burns' direction, pushed a button as the manager turned the vault handle. The button was the burglar alarm.

As the bandits herded the 11 into the vault and crammed money into the cardboard box, police cars rushed to the scene. Two officers arrived at the rear of the bank just as the bandits started out. The latter surrendered without a fight.

Police identified the men as Andrew Firth, 28, and his cousin, Richard Firth, 27, both Detroiters, and charged them with armed robbery. Officers, seeking the driver of the getaway car who fled when police approached the bank, took Richard's brother, Woodrow, 29, into custody a few hours later.

Admit Other Crimes.

While the FBI conferred with police over prosecution, Andrew and Richard related to Police Inspector Marvin Lane the details of 28 robberies Lane said they admitted committing since last July. He said the men told of holdups of drug stores, jewelry stores, laundries, grocery stores and loan offices in

the Detroit area which netted them \$14,600.

Both men, Lane said, admitted that the bank robbery was to be a "grand slam" that would end their career in crime. They hoped the robbery would net them \$200,000. Lane said, after which Richard said he was going to buy a farm and "settle down." Andrew said he planned to return to the life insurance business.

The bank is a member of the federal reserve system and the Federal Deposit Insurance Corp., making a holdup a federal violation.

Girl Wed in Church Where

Her Funeral Was to Be Held

GLENDAL, CALIF. — The church in which the funeral of Lisa Wolff, 19, was to have been held three years ago was the scene of her wedding recently to Milton J. Palmer, 23, former army private.

Miss Wolff was stricken with peritonitis in 1943 and lay near death. Her family, told she had only a few hours to live, arranged for her funeral, ordering a casket.

The girl was flown to Mayo clinic, however, and recovered after hospital treatment paid for by Bud Abbott and Lou Costello, the comedians.

Stray Holstein Cow Takes

Good Samaritan for Ride

SEATTLE. — Fred J. Johnson swears he'll never approach a stray cow again.

Deputy sheriffs rescued Johnson after a healthy Holstein had dragged him more than a mile down the highway.

Officers corralled the animal and Johnson explained:

"Almost hit her with my car and stopped to tie her up to a fence post. She took off with me holding the rope. Never realized a cow could travel so fast."

Collie Saves Master From

Death by Carbon Monoxide

GLOUCESTER, N. J. — A small collie, braving frigid winds to keep a vigil outside a garage, was credited with saving his master's life after a neighbor noticed the dog and decided to investigate.

Inside the garage, Mrs. Laura Miller found the dog's owner, George Geockler, 35, overcome by carbon monoxide. She summoned police who removed him to a hospital where physicians revived him.

Add Spring Frshness

to your windows and rooms with our stunning DeLuxe Venetian Blinds, we can furnish them in either white or egg shell color, in both the Flexible steel or Aluminum slats. In addition we have 16 colors of tape to match and harmonize with your Furniture or Interior Decorating.

Our prices for Custom Built Blinds that will fit your windows are no higher than ready mades.

Wooden Ships Go Out
By 1900 wooden ships, although still built in large numbers for certain purposes, were on the way out. The building of metal ships, begun roughly 100 years before with the construction of small canal boats and coasting vessels, had become a great industry. Steel bottoms and steel decks were to carry American trade into every corner of the world.

Shine Appliances
Electric appliances, such as toasters and waffle irons, should be wiped with a soapy cloth after each use to keep them new and sparkling. Never immerse them in water, as that will ruin the electrical unit.

Protect Wells
Springs and wells should be protected from surface water to avoid pollution.

Auto Driver's Sneez**Will Cost Him \$1,250**

WHEELING, W. VA.—A sneeze will cost 23-year-old Eddie Bowie \$1,250, he estimated.

Bowie said he sneezed and lost control of his automobile. It rammed into a car owned by Dr. R. U. Drinkard and the second auto plunged into a third. Bowie estimated the damages at \$1,250.

'Trip Through Hell' Leads Man to Pledge**Was Hot Down There Where He Found Himself.**

EAST ORANGE, N. J. — Thomas Dowling, 23, swore off drink after a taste of hell.

His hands were blistered, he could still taste the smoke and his stomach had a new appreciation for cool water.

Dowling awakened one morning surrounded by billowing smoke with the blast of an inferno at his back. He climbed a narrow iron ladder 180 feet toward a patch of blue sky, then had to climb back down again, rung by rung, into the depths.

Dowling had had a few drinks in a Newark bar and looked for a place to take a nap. He entered the powerhouse of the Pennsylvania railroad, found an iron door about three feet square, crawled through and curled up in the corner of a cozy little room.

When he awakened with smoke swirling around him, he discovered he had crawled into the back of a chimney and a fire had been built in the furnace beside him.

He tried the iron door. It was locked.

He yelled. No one answered. Dowling started up the ladder. Its rungs were getting hot before, sweating and coughing, he reached the top.

He stuck his head out, filled his lungs with fresh air and yelled. A parking lot attendant heard him and ran to call the police.

The fire was roaring now. Dowling took a deep breath and started down, rung by rung, each rung hotter than the one above it, every breath hotter than the last. He reached the bottom and scrambled out.

Police were waiting with an ambulance which took Dowling to a hospital.

"Water," he said.

Physicians gave him a drink of cold water, smeared ointment on his hands and sent him home.

It was then Dowling took the pledge.

Mainliner Brought in**By Electronic Gadget**

EAST ISLIP, N. Y. — The gyro-pilot, an automatic flight device, guided a four-engine United Air Lines Mainliner entirely by electronic control to a MacArthur field runway here.

In a demonstration the plane's radio receiver began picking up signals 10 to 15 miles from the field, transmitting these to the electronic automatic pilot.

Five miles away signals from a glide-path transmitter were fed into the gyro-pilot leading the plane automatically down a sloping beam at about 300 feet a minute to a runway point selected in advance for a landing.

Human pilots took over the controls only as the plane was about to touch the runway, landing the ship manually.

Officials of the airline and of the Sperry Gyroscope company, makers of the device, said the feature represented "a long stride toward achieving almost perfect airline schedule reliability," reducing to a minimum landing problems due to weather conditions.

This Coal Strike Has Been**Going on for 93 Years**

NANAIMO, B. C. — Coal strikes can be long affairs. One has been going on here for 93 years and the men are still out. Henry Castillou, K. C., of Vancouver, told the Nanaimo Pioneers' society about it.

Indian miners went on strike in 1853 and a native has never worked in the mines here since. The Indians were hired to dig coal for his majesty's ship Cormorant. They received four shillings a day plus presents for their chiefs, but they soon quit, demanding higher pay. There was no settlement.

Mining methods were crude, the miners being lowered into the shaft in a big tub. Castillou described the walkout as the "longest coal miners' strike in history."

Fire in Shakespeare's Town**Destroys Valuable Painting**

STRATFORD ON AVON, ENGLAND. — Fire that swept through the historic Stratford town hall recently destroyed a Gainsborough painting valued at \$148,000 and damaged several other valuable pictures.

The Gainsborough, 12 feet by 4 feet, was painted in 1765. It showed the famed actor, David Garrick, who paid for rebuilding the town hall in 1769, with his arm around a bust of Shakespeare, Stratford's native son.

Cause of the fire was not immediately established.

OUR DEMOCRACY — by Mat

Our Democracy encourages and rewards vision and zeal—qualities that make for true greatness.

ABRAHAM LINCOLN POSSESSED THOSE QUALITIES.
FROM THE BEGINNING HE MADE THE MOST OF THEM
AGAINST GREAT OBSTACLES.

HIS LIFE EXPRESSES FOR ALL OF US THE IDEALISM OF OUR DEMOCRACY—EXEMPLIFIES THE OPPORTUNITY FOR INDIVIDUAL PROGRESS AND ACCOMPLISHMENT OPEN TO ALL AMERICANS.

MARKETING with Marjorie

Spring will soon be here... and one of the first signs is apt to be the falling off of appetites. Now, in Grandma's day that was the signal to dole out doses of sulphur and molasses (ugh!) but today it's merely an added incentive to make meals tempting-looking and grand-tasting. So I hope today's suggestions will help you do just that.

STRETCHING EXERCISE FOR MEAT

To make one lb. of ground beef serve 6 people, combine it with 1 medium onion (chopped), 1 can of vegetable soup and 2 cups of

SUNNYFIELD RICE GEMS.

Season, pack into baking dish and bake in a moderate oven, 375° F., 1 hour. You get

extra nourishment as well as extra portions by using SUNNYFIELD RICE GEMS as a meat extender, because they contain precious vitamins and minerals. Serve them often for breakfast, too. They're thrifflily priced at A&P.

SOME CRUSTS

Like cheese with your apple pie? Then use it as a top crust. And for rich, tangy flavor, use MEL-O-BIT AMERICAN CHEESE from the A&P. Just bake your pie minus the top crust, and 10 minutes before you take it from the oven, lay slices of MEL-O-BIT (about 1/4" thick) over the apples. Umm, what a crust!

SHAMROCK SALAD

Come St. Patrick's Day, stuff green peppers with softened cream cheese tinted green, chill 4 hours, cut in 1/4" slices and arrange in three like shamrock leaves, with strips of pepper for stems. Pretty as a colleen... and delicious with this dressing: Blend 1/2 tsp. mustard, 1/2 tsp. salt, dash of cayenne and 2 tbsps. sugar with 1 cup undiluted WHITE HOUSE MILK; add 1 tsp. vinegar gradually, stirring till thickened. Smooth? Of course—thanks to creamy-rich WHITE HOUSE MILK from the A&P. Try it!

CAKE THAT TAKES THE CAKE

Do your cakes crack, hump or have tough crusts? Then chances are you use too much flour. Be careful to measure accurately. Sift and spoon flour lightly into cup without packing down. Level cup with knife. For lighter, finer-textured cakes, be sure to use SUNNYFIELD CAKE FLOUR from the A&P.

America Teaches China Power Farming

FAN CHIA, CHINA — Scenes such as this will be familiar ones here this spring. Young Americans recruited by the Brethren Service Committee of Elgin, Ill., and trained by leading tractor manufacturers, are on their way to China to introduce power farming methods. Forty men are already at work here. Others are being recruited. They will supervise the seeding of 2,000,000 acres of wheat in the Yellow River valley, introduce the use of pesticides and insecticides, and teach modern farming methods. This project is in line with the relief policy of the Brethren Service Committee to help people of foreign nations help themselves.

Honey Sources

The major honey sources for the California bee industry are confined to the plants of only eight of the 138 plant families listed for the state.

Electric Ranges

In 1910 George A. Hughes began the manufacture of the first practical electric ranges.

Home Fatalities

Eighteen per cent of all home fatalities are caused by burns. And for every fatality, many more persons are permanently disabled or scarred.

Fast Travel

More high speed passenger trains are operated in the United States than in any other country.

LAKE VILLA

Rev. Richard W. Miller, director of student work at Garrett Biblical Institute was guest pastor at the Community church last Sunday and conducted a splendid service. Dwight Dixon, who has been appointed to fill vacancy in charge here, is expected to be in the pulpit next Sunday. Everyone is very welcome to attend.

The Red Cross Drive for funds is well under way in our community this week and you may expect a representative to call very soon.

Mrs. Charles Rothers and small daughter, of Chicago, were guests of her parents, Mr. and Mrs. Albert Kapple, from Friday till Sunday.

Bruce Hamlin, of Chicago, called on his grandmother, Mrs. Fred Hamlin, and other relatives last Sunday.

Mrs. John Meyer was pleasantly surprised on Tuesday afternoon last week when a few of her friends came in to help her celebrate her birthday anniversary. The out-of-town guests were her daughter, Mrs. Dorothy Sharp, and children, of Burlington, Wis., and Mrs. Will Fish, of Wauconda.

Mr. and Mrs. William Weber left Saturday morning for St. Petersburg, Fla., to spend three weeks with Mr. Weber's sister, Mrs. James Connell, and husband and other friends.

Mrs. Florence Kerr is spending a few weeks in Chicago with her daughter, Mrs. George Mitchell, and family.

Mr. and Mrs. Charles Peterson returned late last week from Florida where they spent a very pleasant vacation visiting relatives and friends and seeing the sights.

Charles Madsen has been confined to his home by illness during the past two weeks.

Miss Falch's room at the school had charge of the Wednesday morning assembly program last week. Carol Bunkelman and Billy Ludwig gave a little play, Carlene Ekdahl and Gerald Lindgren sang "Zippety Doe Da". Clarence Hansen sang "You Are My Sunshine", and Nancy Lee Wetterburg, Joel Armstrong and Bonnie Monnier gave a poem about "Pussy Willows."

The Lake Villa basketball team played and won two games at Zion last Thursday. On Monday afternoon they lost to Wauconda and on Tuesday they lost a game at Elmwood school in Zion.

Mr. and Mrs. Walter Schneider have returned from a vacation trip to Miami, Fla., but did not go on to Porto Rico to visit their son, Walter, Jr., who is stationed there with the U. S. Army.

The Lake Villa P. T. A. will sponsor a public card party at the school gym on Friday evening, March 14. There will be prizes for the various games played and refreshments.

The Neighborhood club composed of people who have lived here, met last Saturday evening with Mr. and Mrs. Henry Cable, and the people who took home prizes were Mr. and Mrs. Keisler of Richmond; Mrs. Kaster, of Kansasville; Arthur Nelson, of Lake Villa; and Mr. and Mrs. Will Fish, of Wauconda.

The Cedar Lake school P. T. A. will sponsor a public card party at the school on Saturday evening, March 8. Committee is Mrs. Hartman, Mrs. Tallman, Mrs. Severson, Mrs. Pedersen, Mrs. Andre and Mrs. Hansen. Proceeds are for the hot lunch program.

Next Tuesday evening is Father's night at the Cedar Lake School. Mr. Petty will be speaker and the girls will put on a program of dancing.

On Saturday, March 8, the four upper grades of Cedar Lake School and their teacher will be in Chicago to attend a production "Song of Norway" as a part of the music appreciation program. Mrs. Helen Cremin is the teacher of the Cedar Lake school.

Opening Unit Is 30-Day Job For Illini Dean

To Dr. Frederick R. Hamilton, administrator with more than 45 years in education, the University of Illinois last fall entrusted one of its greatest responsibilities. This unprecedented assignment was the opening of the University of Illinois Division which Dean Hamilton now likes to refer to as "how to establish a University in 30 days."

With the Division a "going concern" and prospects of a capacity registration of 2,000 students for the second semester, there is physical proof to back his statement that "Here in Galesburg was developed in less than 30 days a full-fledged University."

For it was less than a month before the beginning of classes on Oct. 21 that Dean Hamilton had to prepare for the opening of the Undergraduate Division.

Dean Hamilton arrived here Oct. 1 at what had been the army's Mayo General Hospital. He found a University without staff and with but a few administrative officials.

"Of course we encountered difficulties, some unexpected, but they were met promptly with the 'spirit of the pioneer' and now we're ready for our biggest semester," is his summation of the progress achieved.

Innovation wasn't new to this educator, lecturer, and writer, who served Bradley university, Peoria, as president from 1925 to until retirement in Feb., 1946. For he was called to Washington in 1942 and 1943 where, in the U. S. Office of Education, he assisted in the preparation of war training courses for the nation's colleges and universities.

Dean Hamilton was graduated from State Normal school, Oshkosh, Wisc., and has bachelor of philosophy and master of philosophy degrees from the University of Wisconsin. He obtained a doctor of philosophy degree from Columbia in 1925.

He was appointed to the post of president of Marshall college, Huntington, W. Va., in 1919 and returned to Columbia as an associate in education in 1923. In 1925 he was summoned as president to what was then Bradley Polytechnic Institute.

Train Business Employees

The George-Barden act, passed by congress, provides \$2,500,000 for the training of workers in the distributive occupations such as wholesale merchandising and selling.

Easy to Clean

Lining kitchen cabinet drawers with linoleum, as well as covering shelves and table tops with this easy-to-clean product, makes homemaking easier.

Cleanse Houseplants

An occasional washing with warm water and soap will keep most houseplants clean and attractive and will discourage insect pests.

The Deep Sleep

In order to eliminate noise, the Pullman company has developed a hat bag made of cloth-like gray paper for use of sleeping car passengers.

Strawberry Once 'Strayberry'
The word strawberry was originally "strayberry," indicating the fruit of a plant whose runners stray from the parent plant in all directions.

Keep Milk Cool

Keep milk and cream in cooling tanks in winter as well as summer. It is important to keep the cream and milk from freezing, and also to keep these products clean.

Best Strawberry Soil

The best soil for strawberries is a sandy loam that retains moisture.

U. I. Man Finds New Hormone To Cure Ulcers

Discovery of a new hormone, a colorless substance called enterogastrene, which may prove a permanent cure for peptic ulcers has been revealed by a group of medical scientists headed by Dr. Andrew C. Ivy, new vice-president of the University of Illinois in charge of the Chicago Professional Colleges.

The achievement is the culmination of 10 years research and experimentation in which Dr. Ivy and his co-workers isolated the curative hormone from the mucous lining of the upper intestinal tract of freshly-slaughtered hogs.

Intramuscular injection of the hormone concentrate was the method of treatment. The amount injected was one-fifth of an ounce of the pure substance, mixed with approximately a teaspoonful of saline solution. During the research, 58 patients were treated. Before that, it was used on 43 dogs.

How enterogastrene acts to arrest and cure long standing ulcers is a mystery in many ways. The substance apparently exerts a three-fold action enabling it: 1) to decrease the secretion of acid, 2) to increase the resistance of the lining of the stomach and intestinal wall to acid injury, and 3) to promote healing.

"Actually I was resting on a stump, cleaning my gun and suddenly, it went off."

Enjoy beer at its best...

FOX DE LUXE

EXTRA PALE

Blended with Imported Bohemian Hops

Fox DeLuxe Breweries of Chicago, Grand Rapids, Marion, Ind., Oklahoma City.

Peter Fox Brewing Co., Chicago, Ill.

Flu Vaccine

Four types of influenza vaccine now are on sale. Each vaccine is extracted in a slightly different way from the fluid surrounding infected chick embryos, although all depend for their effect on inactivated viruses of two different strains of influenza.

Landscape Plantings

Native highbush blueberry, red cedar and common juniper are among the common wild plants that may be used in landscape plantings on the home grounds.

School Lunch Program

The first school lunch program on record was established in Munich, Germany, in 1790. In that year soup kitchens were established to feed poverty-stricken school children along with the unemployed.

Feed Trials

Feeding trials with dairy cows indicate that ground Korean lespedeza seed may be satisfactorily substituted for cottonseed meal and soybean oil meal as a high protein supplement.

Dangerous Machine

The mechanical corn picker is rated the most dangerous of farm machines.

Protect Shrubbery

Snow sliding from the roofs of houses will break down unprotected shrubbery. A sloping board placed over the plants will keep this from breaking the branches.

Soil Depletion

Although level land does not wash out, it may wear out from soil depletion.

Battery Container

The army P-80 jet-propelled plane uses a specially developed battery container which weighs only nine pounds. The partitions are molded in, and holes can be machined into the structure.

AUCTION

3 miles southwest of Union Grove, 3 miles southeast of Kanasville, 2 miles north of Hwy. 43, 1 1/2 miles south of Hwy. 11, on County Trunk X on **SATURDAY, MARCH 8, AT 12:30 O'CLOCK**

FARM PRODUCE—1500 bushel Vicland oats; 30 ft. silage in 16 ft. silo; 30 tons baled clover and alfalfa hay; 30 tons baled clover hay; 40 tons baled mixed hay; 20 tons ear corn.

Marketing Costs Soar
Costs of marketing farm products
in 1946 reached the highest point
since June, 1927.

Cheap Labor
When a woman does home work
that can be done by a machine, she
works for three cents per hour.

Forest Fires
An average of more than 210,000
forest fires rage throughout the
United States annually burning an
average of 31,233,000 acres, an area
greater than the land area of New
York state.

**3
MINUTE
FICTION**
**Dumb
Dora**
By Nick Kushia

WNU Features.

DORA'S my girl and I guess I
can call her dumb, but she's
my girl and nobody but me can call
her dumb. She's a brunette and a
cute little thing, all cuddly and nice
and I want to marry her. I come
out of the army all set to get hitched
but she says no, I ain't man enough
for her.

Her brother, Dick, is the model
for the kind of man she wants.
Well, I'm only a truck driver and
not much up on the brains depart-
ment but Dick ain't half as smart
as I am.

"Dora," I says to her, "I been
out of the army a month now and
every minute of the 18 months I
been overseas I've been thinking of
coming back and marryin' you right
off. You say no." And Dora says,
"I like you Joe but I don't know if
I'll be happy with you. You see,
Joe, my Pops ran a gymnasium
and he was really muscled. Dick is
just the same way. I'm so I expect
it of a man, Joe."

I finally propositioned her, "Lis-
ten, kid, if I get to show you I'm
as much a man as Dick will you
marry me?" She looks at me for a
long time. "Sure," she says, "I like
you, Joe. I like you a lot, but I
wanta marry you without any doubt
in my mind."

Well, the first idea I get doesn't
work out too well. I ask Dora and
Dick to go out to the beach. I'm a
pretty good swimmer and something
might happen. A kid might be
drowning and I could save him.
You can't tell, and it's worth a try.

But when you size me up next to
Dick I see it's a mistake to come
out to the beach. This is my first
time out and my skin is all white
and I gotta admit it, I look flabby.

Nobody but me can call her
dumb. She's a brunette and a cute
little thing.

Dick's got a physique I would have
admired if he weren't my problem.
The next brain wave I get is when
I go to the gym with Dick. He fights
a little and exercises with the bar-
bells, lifting them over his head like
nothing. I went over to the boxing
ring. The gym's got a weekly card
and some punks are sparring with
balloon gloves, trying to get a place
on the card. I watch them for a
while and before I know it I'm hol-
dering bits of advice to one of the
kids.

"SAY, why don't you go into the
ring," some guy suggests,
and I'm in a pair of trunks spar-
ring away. I don't know much
more about fighting but what I
learned from common sense. Com-
mon sense means a lot in the ring,
though, and pretty soon I'm actual-
ly enjoying it up there. I collected
a nice crowd.

So I'm signed for the Saturday
night card. I figured it's okay be-
cause I can get Dora there, and
she'll see me knock out my opponent
and we can get married. As simple
as that. But what I ain't figured on
is that they put Dick up to fight
against me.

Dora's sitting at the ringside. Be-
fore the fight she said, "May the
best man win," and her lips trem-
bled and her eyelids fluttered. I
wanted to walk out, but it was too
late, and she wants both of us to
win!

In the first round, I bopped Dick
hard. He's pretty muscle bound and
can't move fast. I hear Dora in the
first row hollering at me, "You bab-
oon. Crook. Double-crosser." And
those aren't nice things to say.
"Hit 'em hard, Dick. Knock him
out!"

I look in her direction and Dick
hits me with a terrific punch. I fall
down but wait until the count of
nine so I can get rested a little.
All this time I'm looking at Dora
and she's hollering, "Atta boy, Dick,
atta boy!" And she's waving her
hands, smiles all over her face.

This is too much, even for me.
I don't care for nothin' now. I get
up from the floor, feeling disgusted,
disgraced and mad. Some driver
friends are betting pretty heavy on
me. I had been thinking of letting
Dick walk away with the fight when
I saw Dora wanted him to win, but
not now! Nuts to these fickle dames!

I look at Dick's chin and let him
have it. Dick crumples. I win. I walk
to the dressing room, shower and
dress. I'm in a terrible mood
'cause I feel I lost even though I
won, but Dora ought to be more
reasonable!

"Congratulations!" someone says,
as I'm walking out. It's Dora. "My
hunk of man." She melts in my
arms and I kiss her good. Oh boy!
This plan has worked.

Many Benefits of Johns - Manville Home Insulation

After 18 years' experience blow-
ing Johns-Manville Rock Wool
Home Insulation into the sidewalls
and attics of buildings, we must all
agree that the benefits of an insu-
lated home are outstanding. Just
looking at the roof of an uninsu-
lated house is enough to convince
anyone. Notice how quickly the
snow melts off. That is heat loss
passing through your ceiling.
Other benefits of Johns-Manville
"Blown In" Insulation include
greater comfort by making the
walls and window surfaces warm-
er, reducing drafts and making
heat more uniform; cooler house
in summer, and money saved by
reducing fuel cost up to 40%; an
insulated house means less load on
your heating equipment, or even
a smaller heating system. Also,
walls and ceilings are cleaner be-
cause dust and dirt do not gather
on warm surfaces as they do on
cold walls.

Johns-Manville insulation will
not attract insects and mice and
it is fireproof, will not absorb
moisture and get soggy and will
not deteriorate or settle. There is
a big difference in rock wools. Be
sure you get Johns-Manville. Free
estimates write Ernest C. Andreas,
Dist. Mgr., Mundelein, Illinois.
Phone Mundelein 669-R2.
